CLASS HISTORY

At last we have reached the goal toward which we all have been striving. We have come to the close of our high school days and to graduation. Twelve years, yet twelve short ones, in that it seems but a few years we have toiled together to fulfill the dreams, which we all have, that of graduation from high school. The first six illustrious years of our schooling were obtained by the fast moving events of the last six years.

In the fall of 1934, 16 happy go-lucky students entered high school as Freshmen. We elected the following officers: President, Ruth Purdy, Vice-President, Leland Geib, Secretary and Treasurer, Jack Fross. Sponsor, Mr. Miller.

Although we were lowly Freshmen, we gained favor of the upper classmen and were soon taking our places in the various activities in the school.

The following fall we entered high school as Sophomores. The officers for this year were: President, Leland Geib, Vice-President, Ruth Purdy, Secretary and Treasurer, Maxine Fross. Sponsor, Miss Brooks. This year passed swiftly, although we lost seven members, and gained four.

We entered in September, 1936, as Juniors. We chose Ruth Purdy, President, Leland Geib, Vice-President, Lillian Bellar, Secretary and Treasurer. Sponsor, Miss Anderson. We also selected our class rings, being the first class in the history of Killbuck High School. One of the many successful activities in which the class took part during our Junior year was the

presentation of the class play, "Look 'em's Here." The highlight of the year was the Junior-Senior Banquet. Which was a success. The ladies in fashionable evening gowns, the men groomed to the nth degree, the colorful evening has left a lasting impression upon us.

We lost six students at the close of our Junior year.

The year 1937 found us a class of dignified Seniors. We chose as officers: President, Ruth Purdy, Vice-President, Charles Allison, Secretary and Treasurer, Doris Reed. Sponsor, Mr. Egger. We gained three new Seniors making us a class of nine.

Out of the Senior class, one girl, Doris Reed, participated in basketball for four years.

A modern minstrel was sponsored by the Juniors, March 2nd, in which the Seniors participated. It turned out to be a great success. The Seniors gave a Senior play April 29. Its name, "Gay".

Our work for this year is well represented in the Senior publication of the year book, and we want to thank Mr. Egger for his untiring effort to make this year book a success. We wish to express our gratitude to the teachers who have so generously helped us in our activities and our studies. We were also glad to make the acquaintance with three new teachers, Miss Agnes Raugabaugh, Mr. Kenneth Carpenter, and Mr. Ray Reavely.

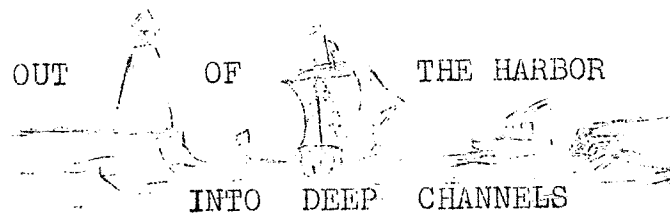

So as we are about to enter into life
let us strive to do better until our better
works in life have become the best.

SENIOR CLASS WILL

We the seniors, members of the class of 1938, of Killbuck High School located at Killbuck, Ohio, Holmes County, in the United States of America, realize the approach of old age but being of sound and disposing memory, do hereby make and declare this to be our last will and testament, hereby revoking and annulling all former wills by us made.

We do give and bequeath to our heirs as follows:

Item 1 - We extend to the teachers our deepest regrets that we will not be here to entertain and pester them in the years to come.

Item 2 - We leave to the Junior Class our desks, books, pencils, cuts of gum and whatever else they may find which we left in our scramble to get out.

Item 3.- We leave to the underclassmen, the Sophomores, a feeling of sympathy for we know you will get none from those in the class ahead of you.

Item 4 - To the Freshman Class we leave nothing for we have nothing that interest children.

Item 5 - To the incoming Freshman Class we leave all flavors of gum, so that they may have something to amuse themselves in school time.

Item 6 - We, members of the Senior Class bequeath the following to fellow students.

1. Charles Allison's girl-shyness to Joe Doyle. May he profit. He also leaves his quiet ways to his brother Jimmy. He leaves his thirst of knowledge to Deland Geib and Burl Christopher. His thirst to Burl and his knowledge to Deland.

June Bowman leaves her ability in public speaking class to Vivian Carpenter. Stand straight Vivian. She leaves her typing ability to Viola Middaugh. She leaves her share of assistant-janitor to Garfield Woods so that Mr. Woods will now get his money's worth.

3. Leona Duncan wills her hopes of remaining an old maid to Gloria Croul. Watch the boys. She also leaves her Plane Geometry to the Business Arithmetic Class. She leaves her calm nerves to Albert Garver, lets hope he doesn't acquire the St. Vitus Dance.

4. Junior Fites leaves his ability of thinking out loud to Deland Geib. Don't think too hard. He leaves his desire for meetings in Millersburg to Lewis Carpenter. To Willie Kidd he wills some of Shreve's cheer-leaders (not all of them) and his ability to get acquainted with strange girls. (Not that Willie needs them).

5. Leah Hoffstatter leaves to Nellie Hawkins her entire seat in assembly. Be sure to respect this notable gift. She also leaves the Glenmont boys to Geneve Baird. To Boris Bush she leaves her quietness and thoughtfulness. She has decided to keep all her portion of Chet.

6. Mary Lisle wills her ability to keep late hours and pleasant ways to Peggy Coffey. Good Luck Peg. She wills her graduating outfit to Betty Luncan. She leaves her love of plumbers, lakes, and Lodges to Madeline Croskey. (She loves them all) She leaves her faithfulness to one man for two years to Peg Coffey.

7. Ruth Purdy wills her ability to dance to Jack Zeller. Nice work, Jack. She wills her job as editor to the Antler to Bob Foreman. She leaves her ability to slicing in classes the last second to Rosemary Nommay. (She never even gets there)

8. Maxine Fross wills her ability to drive a Chevie without accident to Geneve Baird. Watch your speed record. I also leave my witty remarks to Lillian Mark. I also leave to Bert, the poem "Ride a Cock Horse to Banbury's Cross!" Bert likes Lanville too, to say nothing of the Banburys.

9. Loris Reed wills her ability to ward off fouls in basketball games to Eileen Hoops. Try to break my record. She also leaves her red bows to Mr. Egger. To Mary Ellen Croskey she

wills her even temper and love of basketball referees. May she profit.

Item 7 - As a class we will our ability to publish an annual to the Junior Class, providing they can get the money and material.

Signed this 14th day of March, 1938.

SENIOR CLASS POEM

The school term is ending, graduation is near
Fond are the memories of those we hold dear
A lump in your throat seems to choke off your
voice,
And you cannot talk, though it is your choice

All those four years in which we have lived
We have had a swell time and tried to behave
Our respect for the teachers has always been
present
We have all done things which today we resent.

Out of eighteen members we have left but nine
They are truthful, honest and very refined.
We have all been friends and worked as one
We feel we are successful and our task well
done.

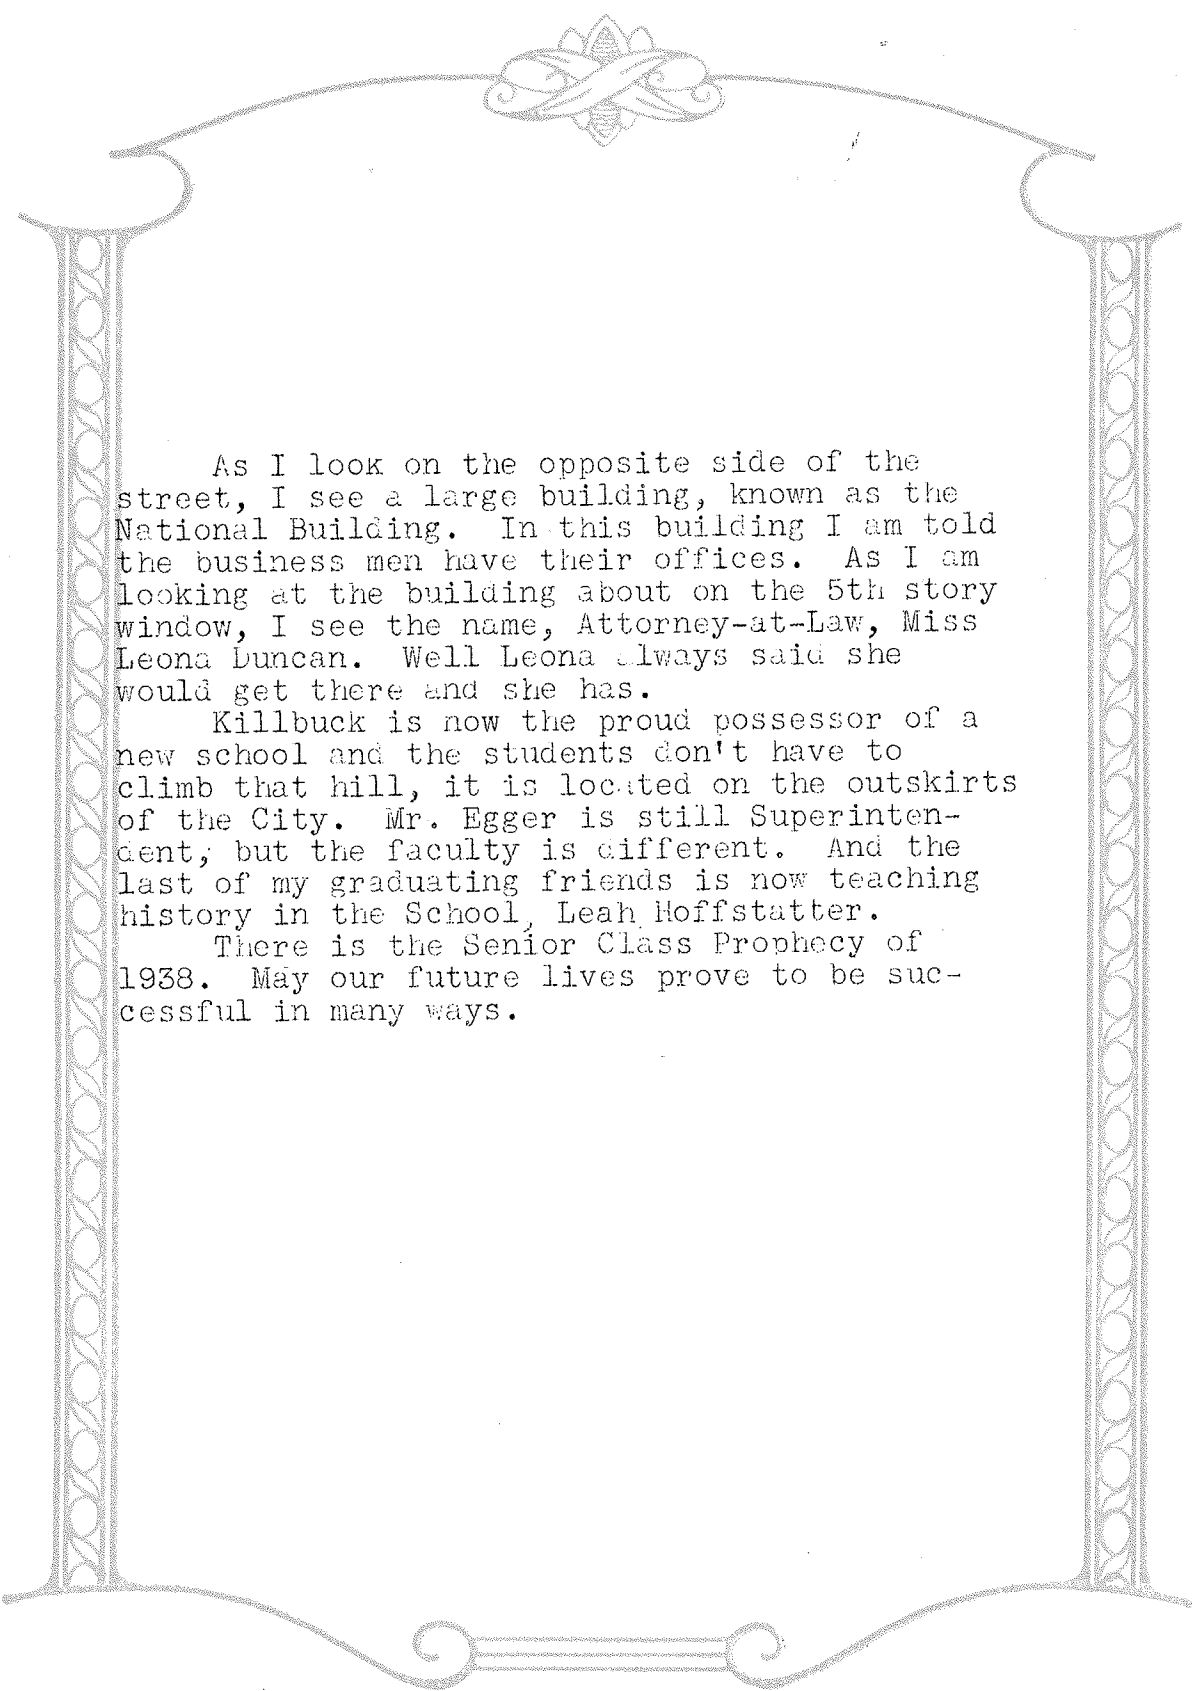

SENIOR CLASS PROPHECY

Gee, but it felt good to be going home again after those hot days in that office. I hoped Mother would have chicken for supper. But no! This can't be Killbuck, why where's the schoolhouse on the hill? Meek's Fry Good's Store is gone, why Killbuck Village is gone. But what do we have in its place? A city almost as large as the one I just left. And I thought I was coming to the country.

As I entered the City about the first thing that caught my sight was a large Savings & Loan Bank. Who is that entering the Bank? Well, if it wasn't Maxine Fross, one of my graduating pals of 1938. And has she advanced, she is now private secretary to the vice-president of the bank, who is the president's son. As I went on into the business section, I see a beautiful theater but what a surprise in bright lights giving the title of the star in the leading role and believe it or not, the star is Charles Allison, and he said he was going to be a farmer. Across from the theater is a large and beautiful hotel, the Fites Hotel, Junior Fites, owner and operator. As I enter one of the large department stores, I almost bump into, well look who's here, Mary Lisle. Mary is the one who carried the leading role in our senior class play. She informs me that Ruth Purdy is now chief of the surgery staff at a large hospital in Columbus, and Doris Reed owns a large chain of restaurants.

As I look on the opposite side of the street, I see a large building, known as the National Building. In this building I am told the business men have their offices. As I am looking at the building about on the 5th story window, I see the name, Attorney-at-Law, Miss Leona Duncan. Well Leona always said she would get there and she has.

Killbuck is now the proud possessor of a new school and the students don't have to climb that hill, it is located on the outskirts of the City. Mr. Egger is still Superintendent; but the faculty is different. And the last of my graduating friends is now teaching history in the School, Leah Hoffstatter.

There is the Senior Class Prophecy of 1938. May our future lives prove to be successful in many ways.

A Glimpse Into The Future

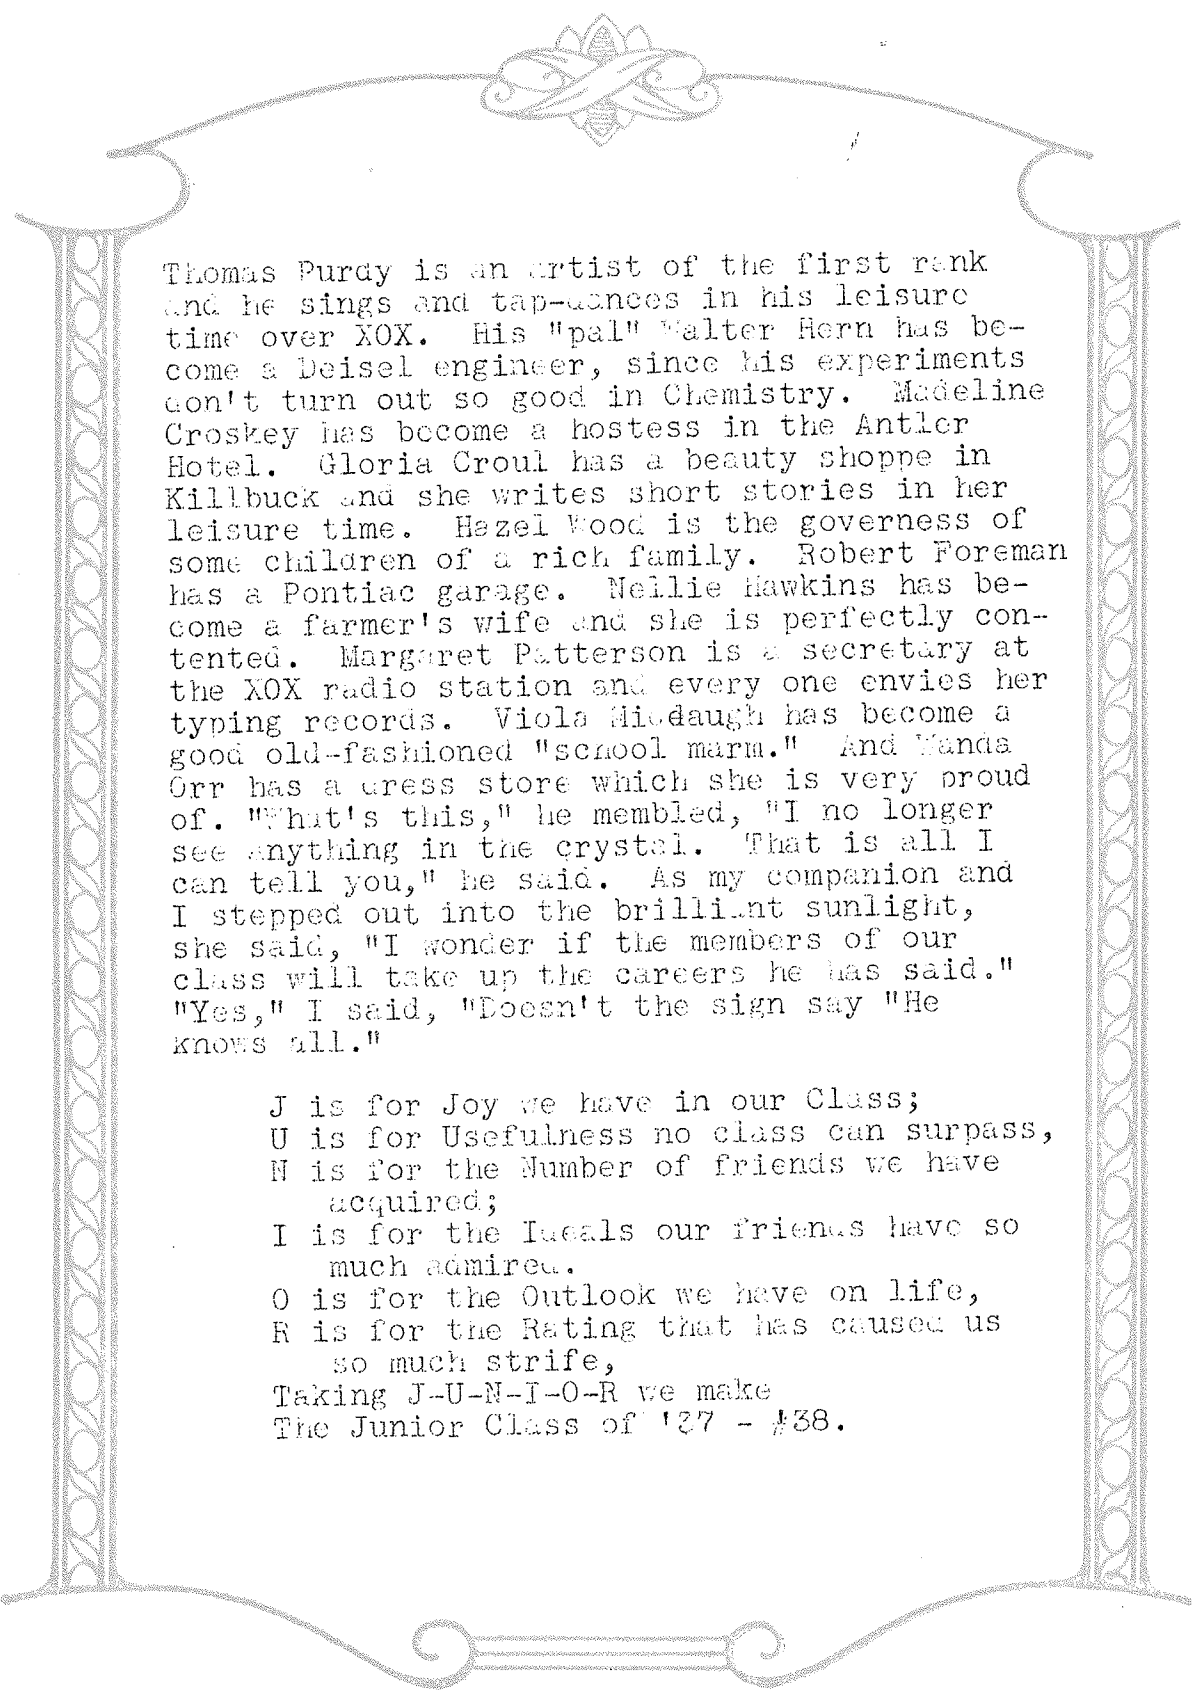

One afternoon a friend and I were visiting the Ohio State Fair. As we passed along through the crowded midway we saw a tent with a magnificent sign in front of it. On the sign was printed in great, gold, sparkling letters, "Madza, Crystal Gazer, Knows All."

"Let's take a chance and see what the future holds for us," my companion said. We entered the tent and there before us was a man of foreign birth, who looked like an Indian. His attendant led us to seats in front of the "Madza." He looked at us and then into the crystal.

"You are," he said, "members of the Junior Class of '37 and '38 of Killbuck High School. You have a class of eighteen and you have won many honors for your school. I see clearly the future of this class," he said, "and I am going to tell you what I see."

First comes Geneva Baird, she has made good as an air stewardess on the TVA airline. Boris Bush has become a singing star over XOX. You must remember," he said, "that this is many years in the future and many changes have taken place. XOX is the Duncan Sisters' radio station at Layland, Ohio. Lewis Carpenter has become an airplane pilot and his "burl" Deland Gibb is a news reporter on the Killbuck Daily News. Burl Christopher has become a professional basketball player and a coach of a progressive school team. Margaret Coffey has become a professional piano player over XOX.

Thomas Purdy is an artist of the first rank and he sings and tap-dances in his leisure time over XOX. His "pal" Walter Hern has become a Deisel engineer, since his experiments don't turn out so good in Chemistry. Madeline Croskey has become a hostess in the Antler Hotel. Gloria Croul has a beauty shoppe in Killbuck and she writes short stories in her leisure time. Hazel Wood is the governess of some children of a rich family. Robert Foreman has a Pontiac garage. Nellie Hawkins has become a farmer's wife and she is perfectly contented. Margaret Patterson is a secretary at the XOX radio station and every one envies her typing records. Viola Miodaugh has become a good old-fashioned "school marm." And Wanda Orr has a dress store which she is very proud of. "What's this," he mumbled, "I no longer see anything in the crystal. That is all I can tell you," he said. As my companion and I stepped out into the brilliant sunlight, she said, "I wonder if the members of our class will take up the careers he has said." "Yes," I said, "Doesn't the sign say "He knows all."

J is for Joy we have in our Class;
U is for Usefulness no class can surpass,
N is for the Number of friends we have
acquired;
I is for the Ideals our friends have so
much admired.
O is for the Outlook we have on life,
R is for the Rating that has caused us
so much strife,
Taking J-U-N-I-O-R we make
The Junior Class of '27 - '38.

Class Officers

Class President, - Edwin Cantleberry
Vice President - Lillian Mark
Sec. & Treas., - Eileen Hoopes

The Sophomore Class of 1937 started to school in September with a grand total of 20. Since that time we have lost three members, Lucille Pipes, Jane Frazier, and Evelyn Schoorff. We have gained one, Virginia Engle from Broadway, Ohio.

In the preceding year we were welcomed into high school with a hardy initiation by the Sophomore class of 1936-1937. This year we gave the Freshmen an initiation, which with the cooperation of both classes was a great success.

When we were Freshmen, Donovan Ling, Lucille Pipes, and Edwin Cantleberry helped to make up the Killbuck Quartet which won first place in the County Literary Contest. We had two members that took the Kent Scholarship Test, Lillian Mark and Vivian Carpenter.

In our Freshmen year three members of our class were on the girls' basketball team. They were Lucille Pipes, Eileen Hoopes and Vivian Carpenter. In this our Sophomore year three members participated, Naomi Patterson, Lucy Patterson and Eileen Hoopes. When we were Freshmen, Claude Lawson was on the boys' basketball team. This year, Edwin Cantleberry, Earl Haun and Claude Lawson.

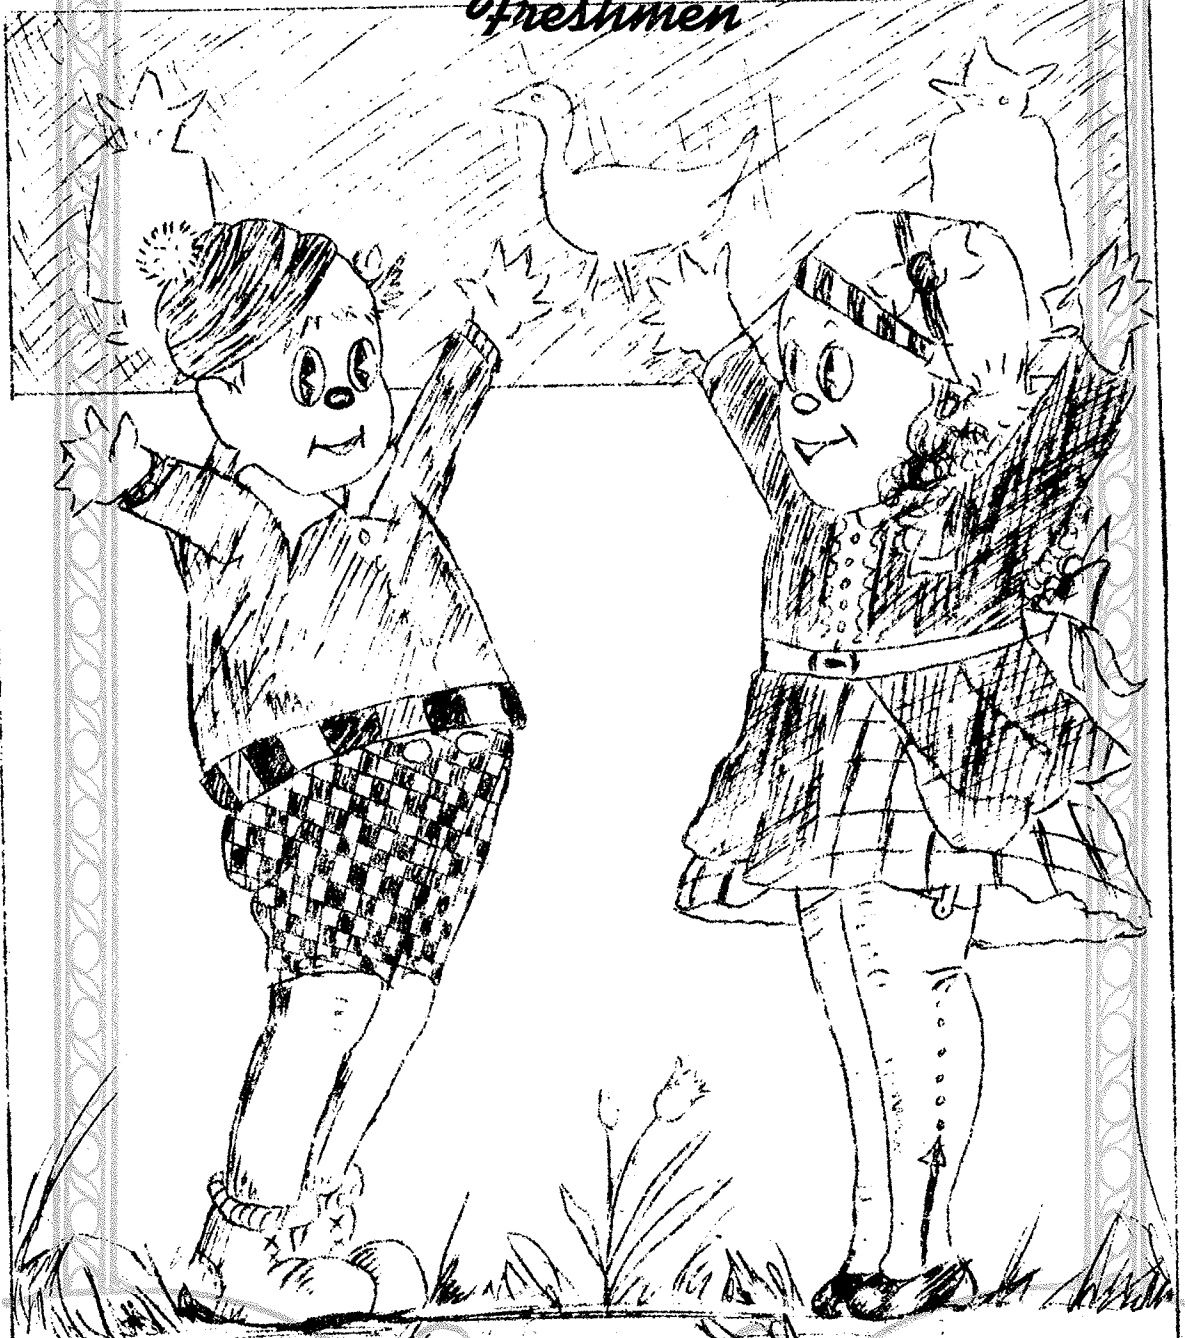

We assure you that the class of "40" shall be the most successful class that has ever left Killbuck High School.

FRESHMEN REVIEW

The Freshman class of K. H. S. entered into high school with the initiation party in October which was given by the Sophomore class. Our class at the beginning of the year had an enrollment of twenty-five. Later in the year, two members left us, Harry Holderbaum and Betty Still.

The class was well represented in Athletics by both the boys and girls. The boys included were James Allison, James Carpenter, Rolland Gallion, Clyde Conn, and Robert Orr. The girls included were, Mary Ellen Croskey, Maxine Boops, and Helen McFadden.

One member of our class was represented in Orchestra, Clyde Conn, who plays the trombone.

We hope within the next three years that our enrollment will not decrease and we expect to do far more for our school than we have accomplished in the past year.

A subject we all take;
The first thing in the morning
Almost before we're awake.

Then for English
Oh well that's a need;
We all wish to speak well -
Or in our life we'll never succeed.

Then for Business Training
That's a lot of fun;
Working problems, solving problems,
That's all we get done.

Algebra is a brain working subject
Always solving for X;
We are all anxious to find -
What we will come to - next.

Down the steps to Latin
With smiles so long and wide;
We're always anxious to find
That "Pop" hasn't arrived.

Last of all comes Music
A throat tickling subject;
You can always show ability
Out among the public.

We are jolly Freshmen
Hoping to be successful;
By all "24" of us
Going through K. H. S.

And we'll be

BOYS' BASKETBALL

The "Bucks" had tough going at the beginning of their season. They opened the season with three losses. As the season progressed they improved and finished with nine games to their credit, against eight defeats.

The Bucks tactfully worked their way to the semi-finals in the 1938 hardwood classics. In the tournament ratings, the "Bucks" rated fourth.

The following players make up the team: Lewis Carpenter, who is short, speedy and a very dependable forward, topped the season in scoring with a total of 219 points. He has one more year to play for K.H.S. Louie captured for himself, a berth on the all county team, in the Class B Tournament at Millersburg.

Robert Foreman, our other great forward, and whom we prize as a splendid defensive player. This is Bob's third year of playing and we hope to see him playing a faster game than he played this year. Whenever there was fast playing in a game, Bob was in the center of it all.

Burl Christopher, our center, was also a high scoring man, with a total of 164 points during the season. He is a Junior and we are hoping to have him back next year to bring more honors to Killbuck High. Burl was captain of the "Bucks."

Thomas Purdy - good old Tommie - whom we all take our hats off to for his brilliant guarding. Tommie is a Junior, too and we hope he guards again next year like he did this season.

Deland Geib, a four year man, and we regret to lose him. Deland only played during the second semester and he surely did play while he played. He is an outstanding guard and will be greatly missed by the team next year. Deland has played four successful years for K. H. S.

Last but not least in importance is Walter Fern. This makes Walter's third year for K.H.S. Walter is a clever guard with a keen eye for the bucket and we are expecting great things from him next year.

GIRLS' BASKETBALL

The Basketball season started off with a bang - November 30, 1937 with Warsaw. We are happy to say that we did not have a team that was entirely defeated, but a team that went forth and showed to the School, that they had basketball ability.

The girls had a hard time securing a girl's basketball team for 1937-38, but after thoughtful consideration from the Board of Education and Mr. Egger, girls' basketball was continued for one more year.

Reed, who usually played forward, was put in as guard quite often. We are sorry to lose her as she has been on the standing squad for four years. Reed tallied 29 points, but we feel she could far surpass this had she played forward during the whole season.

Baire with 92 points, was high point player of the season. A very dependable forward who showed her ability at one of the most outstanding games of the season, Glenmont. In that game she tallied 18 out of 23 points.

Croskey has contributed two years of service to Killbuck High School. We are looking forward for a big year, having her with us.

Naomi Patterson, a Sophomore, showed us her ability as a guard, this being her first year of basketball.

Eileen Hoops, another Sophomore contributed two years of service. She did salondic work during the whole season.

Last but not least comes Orr, and outstanding figure on our team. She too, has wonderful basketball ability.

These, were the outstanding players, but we admit we could not have done anything without the help of Maxine Hoops, Georgia Duncan, Betty Duncan, Lucy Patterson, Helen McFadden. These girls helped a lot and we give them a lot of credit.

The girls were coached by Mr. Miller and advised by Miss Raudabaugh. Margaret Coffey was the manager.

Those receiving letters were Doris Reed, Geneva Baird, Eileen Hoops, Wanda Orr, Maxine Croskey, Maxine Hoops, Betty Duncan, and Naomi Patterson.

The team was defeated by Warsaw once, tied once, Lakeville twice, and Glenmont twice.

This year's eighth grade furnishes great promises for the girls' basketball team to carry all honors in the future games next year.

Killbuck High School has always been recognized for her achievements in scholarship and athletics. This year however, additional talents along literary lines were discovered. We looked around for new fields to conquer and won a silver loving cup.

The first opportunity presented itself in the form of the one act play, "Dear Lady Be Brave" This was excellently portrayed and led us to victory.

Cast:

June Bowman	Walter Hern
Gloria Croul	Thomas Purdy
Ruth Purdy	Robert Foreman

This cast won the semi-finals at Clark and finals at Killbuck. The result of this opportunity left us as Holmes Co. One Act Play winners.

BOYS' GLEE CLUB

This year's Glee Club was very small in number, there being only nine (9) members. The Glee Club took part in the Christmas Pageant and sang at the Farmers' Institute.

A social get-together party was enjoyed by the Boys' and Girls' Glee Clubs in the schoolhouse music room in November.

Members of the Boys' Glee Club were James Miller, Eugene Foreman, Lloyd Hawkins, John Waltman, Robert Foreman, Clyde Conn, Edwin Cantleberry, Thomas Percy, and Edward Selders.

Glee Club Officers:

President, - "Bob" Foreman

Sec. & Treas., Edward Selders

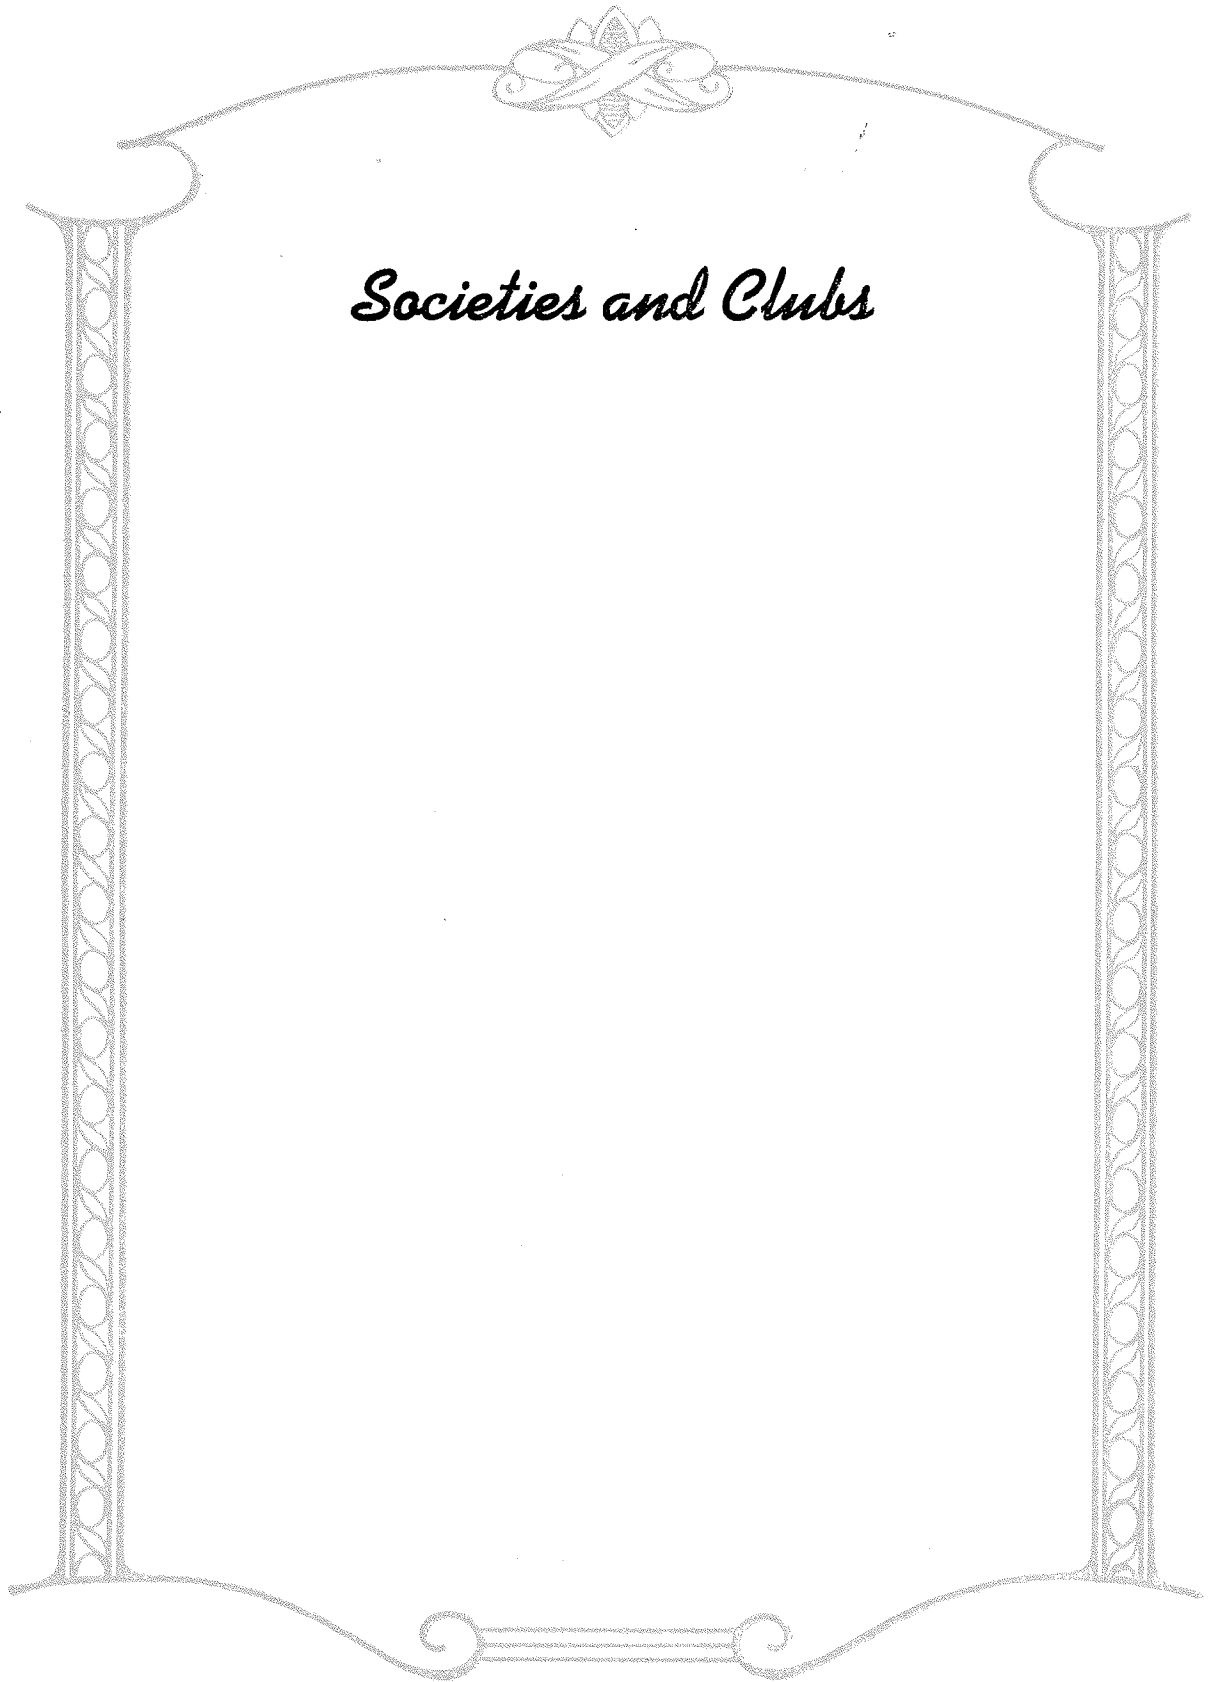

GIRLS' GLEE CLUB

The Girls' Glee Club has been more active this year than in the past. Although we are few in number we make up for it in quality. Under the able leadership of our President, Lilian Mark, and Secretary and Treasurer, Geneva Baird, we have had a successful year. We began with a party and invited the Boys' Glee Club. Then we held a Community box social to raise funds for costumes. On April 8th, we traveled to Kent, where we participated in the district contest. Although we didn't bring home a first place, we had a grand experience. We gave a bake sale to finance our plan of getting uniforms. We held a spring concert on May 10th.

The Glee Club is made up of -- Geneva Baird, June Bowman, Marie Chaney, Margaret Coffey, Madeline Croskey, Mary Ellen Croskey, Georgia Duncan, Betty Duncan, Nellie Hawkins, Eileen Hoops, Maxine Hoops, Lilian Mark, Margaret Patterson, Marjorie Pyers, Helen MacFadden, Virginia Engel, and Hazel Wood.

Societies and Clubs

ORCHESTRA

This is the second year of the Killbuck High School Orchestra, under the direction of Miss Dorothy Fuller. The orchestra consists of the following members:

Robert Coffey	1st Violin A
Walter Hern	" " "
Fern Alexander	1st Violin B
Lillian Mark	2nd Violin
Edwin Cantleberry	" "
Jean Shrimplin	" "
Maxine Murray	" "
Earl Hoover	" "
Virginia Mark	1st Trumpet
Harold Carpenter	2nd Trumpet
Dorothy Jean Shrimplin	Saxophone
Buddy Hall	Clarinet
Clyde Conn	Trombone
Margaret Coffey	Piano

The orchestra has played on numerous occasions in the past two years, some of which were the Farmer's Institute, Literary Contest, Junior Play, and Commencement. We have been very glad to have had several of the Glenmont students to play with us on these occasions.

KILLBUCK F.F.A.

This school year, 1937-38 is the first for a Vocational Agriculture course in our high school. Of course the first thing for us to do was to learn how the course should be conducted and what should be expected of us as students in it. After several weeks of school during which time we had become acquainted with the system of instruction used in this course and what other boys were doing with projects and how they were benefiting by being organized as a local chapter of Future Farmers of America, we voted unanimously to apply for an F. F. A. charter. After receiving our charter we held an election and filled the offices that belong to an F.F.A. chapter. Those elected were, President, Joe Doyle; Vice President, Ralph Reed; Secretary, Earl Haun; Treasurer, Willis Miller; Reporter, Donovan Ling and Watch Dog, Albert Garver. Other members were John Waltman, Jerald Boyd, Bernard Gallion, Jimmie Carpenter, and Paul Fraelich. During the year Bernard Gallion and Donovan Ling left school and Paul Fraelich was appointed to act as Reporter during the remainder of the year.

Soon after organizing we decided that we should have some definite objectives to work toward. The program was centered around nine objectives to develop us into all-around F.F.A. members. They were: Supervised Practice, Leadership, Scholarship, Social and Recreational, cooperative, Community Service, Character Building, Publicity Activities, and conduct of Meetings and Classes.

This year under supervised practice, six boys bought purebred registered gilts, one took several purebred Ayrshire calves from his father's farm to manage and two members are buying 6 weeks old pullets to grow into layers.

Under leadership Activities we have done several things. We entered teams in the State Apple Judging contest, sent delegates to the State Leadership Conference held at Ohio State University in January.

Ralph Reed, Jimmie Carpenter and Paul Fraelich were on the Apple Judging team and Ralph and Paul were also delegates to the Leadership Conference. The Leadership Conference was held for the purpose of bringing together members from different F.F.A. chapters and point out the good work being done by various chapters. Some told how they conducted their meeting, others told how they made money, some told of trips they had taken and in fact anything worth while that they had successfully done. In our own chapter we have spent some time on Parliimentary procedure in order to know how to properly conduct a meeting.

Last winter an initiation team from Millersburg F.F.A. came and initiated our members into the Green Hand Degree.

Social and Recreational activities will come mostly during the summer when we plan to have a meeting each month and have games and refreshments.

During the year we formed a cooperative association of which John Waltman was elected manager. So far we have not handled much business except the purchase of some mineral feeds for all the members. However we are organized so that when we need to act cooperatively for any purpose we have the machinery set up to do it.

We entered into a pest hunt contest with Millersburg and Glenmont and we scored almost three times as many points as Millersburg or Glenmont whose scores were close together. Those chapters have promised to treat us to a weiner roast to pay the forfeit.

In the way of community service, our department has tested soil samples tested milk and Mr. Wells conducted a series of 20 evening classes for the benefit of farmers in the community. Thru use of a moving picture machine for our own films, we have made it easier for the students of other departments to see films of educational value.

Although no special sessions have been held on character building, Mr. Wells has frequently called to our attention how certain acts will have a favorable or unfavorable effect upon others and indirectly influence our own welfare.

HOME ECONOMICS CLUB

The Home Economics Club this year has been under the leadership of Eva Selders, President; Georgia Hathaway, vice president; and Geneva Baird, secretary and treasurer.

Our first activity was a Hallow'een party. This party was limited to girls only, but after the unmasking we found two boys present.

The next activity was a party for the parents. Each girl took part in the program given for the parents, after which cookies, tea and open face sandwiches were served to all.

Next was the cake demonstration. Each girl had to bake a cake and decorate it. A large cake was decorated in front of the crowd by Mr. George Selders.

Then came the F. F. A. and F. H. A. Banquet. The parents, members of the school board, school faculty, and the speakers were the guests at this Banquet. The dinner was prepared by the home economics girls with the help of Mr. Wells and the boys in the farm shop. The dinner was served in three courses.

We are making plans for a picnic before the end of the school term, which will end the work and fun we have had for the past two years. We will all our fun, work and learning to the new girls.

Bob Foreman--She is something to adore.

Maxine--"I have a basketball nose".
Doris---"How come"?
Maxine--"Oh! It dribbles".

Jack--(soulfully) "I dreamed of you last
night, Ruth".
Ruth--(with interest) "What dress was I
wearing"?

Mr. Miller--"Did you ever use an adding
machine"?
Herbert Doolittle--"Yes. My ten fingers".

Doris--"Last night Louie put his arm around me three times."
Gloria--"Gosh! Some arm."

Bus Close--"Sir, I want your daughter for my wife."
Mr. Orr--"Young man, you go home and tell your wife that she can't have my daughter."

School Superintendent--"Mr. Miller, we punished your son because he was wilful and unruly in the classroom."
Mr. Miller--"I won't have it. Jim is a delicate child and not used to harsh means. At home we never hit him except in self-defense."

Leona had a little watch
She swallowed it- its gone,
Every time Leona walks
TIME marches on.

Geo. Selders--"Ed, your report card shows a lot of low marks. How about it?"
Eddie--"Well, you see, Dad, everything's so high nowadays; I thought it was time some items were marked down."
